## OUR VISION

1. To be the leader in providing quality, compassionate, patient centred healthcare at low cost, in the areas of preventive, curative, rehabilitative and patient care services, and in education and research.
2. To be innovative, modern and competent in our approach to health care in totality.
3. To provide superior training to doctors, nurses, allied professionals and others involved in health care so as to make the professional committed to highest ethical standards, knowledge, skills and improve the amplitude for research.
4. To emphasize on quality and value in all endeavours.

## OUR MISSION

1. The Institute is dedicated to Mentor Global Standards with high end teaching facilities, affordable oral health care with quality, compassion, low treatment expenditure and well-equipped infrastructure thereby transforming oral health care practise and related technologies for the benefit of students, faculties and communities.
2. To enable sophisticated teaching facilities thereby creating stress free learning environment.
3. To add value to the teaching and learning process, faculty development programmes are practised in house for all staff members there by extending the frontiers of knowledge.
4. To practise patient centred service and to train the students to enhance knowledge about different clinical cases and treatment methodologies thereby promoting critical thinking and lifelong learning.
5. To provide cutting edge research facilities.
6. To inculcate personality development and social service activities in young minds to serve the society.
